In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals, and welfare):

Amend "Appendix A – Schedule of Fees, Rates and Charges" as it applies to commercial services franchisees. The commercial service franchise fee will increase from 10% to 15% to serve public health and safety.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, if any:

- (a) An estimate of direct compliance costs that businesses may reasonably incur;
- (b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
- (c) An estimate of the City's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

Based on past franchise fees, the total additional costs to franchised haulers and revenues to the City total approximately \$744,500.00.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

Nine (9) haulers and approximately two thousand, three hundred and fifty (2,350) commercial businesses receiving services will be affected.

The potential dollar amount for each business is different as it is an open market and rates are charged per contract.

However, all businesses serviced by franchised haulers may be impacted by up to a 5% increase.

4. Additional information the governing body deems useful (if any):
